#### **Qualifications:**

MA (Distinction) in Information and Library Management from Loughborough University in 2005.

BA (with Honours) in Humanities from Nottingham Trent University in 2000.

#### **Current Interests:**

Charlotte is implementing a collection development and information policy for the Centre and is currently developing and expanding the information resources available. Charlotte has recently had the Centre's website redesigned and ensures that the information is maintained and kept up-to-date. She also designs, writes and edits the Centre's newsletters.

#### **Previous Research & Experience:**

Charlotte previously worked as a researcher for a private consultancy in the further education sector and was responsible for organising the company's electronic and print based information resources. Charlotte worked on projects for the following clients including the Archives, Libraries and Museums Council London (ALM); Loughborough University; BECTA; and several FE colleges. Projects involved developing and populating a portal which provided information on e-learning projects; environmental scanning on e-learning which was summarised and produced in monthly e-magazines; designing and populating a database on training opportunities in the ALM sector; demonstrating and obtaining feedback from learning practitioners on a new portal developed by the Learning and Skills Council; and mapping training opportunities for engineering and science companies in the East Midlands.

#### **Membership of Professional Bodies/Associations:**

Chartered member of the Chartered Institute for Library and Information Professionals (CILIP).
